SAVED ON MONTHLY TELEPHONE BILLS

## IP PBX:

REINVENTED FOR REMOTE  
WORKFORCE & BRANCH  
COMMUNICATIONS

Simple, affordable, and flexible, 3CX eliminates the cost and management headaches of outdated, traditional PABX phone systems.

## Video Conferencing: App-free & easy

- No hassle video conferencing.
- Presentation & remote assistance tools.
- Smartphone apps to meet on-the-go.
- For unlimited users.

## CUT TRAVEL COSTS WITH INTEGRATED WEB CONFERENCING

When plain old voice communication just isn't enough, 3CX's integrated video conferencing solution allows users to connect and collaborate in real-time. Not only do you save travel time and cost, you and your team get to enjoy face-to-face communication wherever, whenever.

## 3CX. BUSINESS COMMUNICATIONS SOLUTION MADE EASY

No matter how big or small your company is, the right Unified Communications solution can take your business communications to the next level. And in the spirit of improving collaboration, boosting productivity, increasing mobility, and enhancing the customer experience, this is a job that 3CX knows all too well. 3CX's UC functionality is inbuilt and included as standard – no need to purchase add-ons or extras.

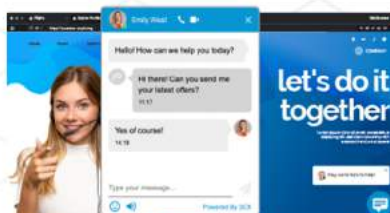

### See the Status of Your Colleagues

The ability to view the status of other colleagues is a great time saver. With 3CX, managing and working with remote employees is easier than ever. With a customized status, your employees and colleagues can focus on big picture tasks and refrain from unnecessary disturbances and other non-urgent calls.

### Deliver Voicemail to Inbox

Missed an important call? Voicemails are converted to sound files and forwarded via e-mail, making sure that you're still caught up all the time.

### Instant Messaging / Text chat

Allow employees to communicate together via text messaging, without the need to rely on a third party internet messaging systems or give out personal phone numbers. 3CX users can send and receive text messages via the 3CX web, Windows, Mac, iOS and Android apps from anywhere – a true unified communications solution!
